

As a result of the changes in the rules and dispositions with regard to the copyright, the Ceges/Soma is currently undertaking a detailed scrutiny of its collections with the intention of determining the origin and if possible the ownership of the photographs. As a result of this detailed research we may have to refuse temporarily the reproduction of some photographs. We will answer each request upon receipt of the order form. Moreover, from now on, part of our collections will only be accessible online in the form of textual descriptions. However, we are happy to receive visitors who wish to consult these images in our reading room. We apologize for any inconvenience these new regulations may cause.
